Dear Dr. Brown:

Since Dr. Kissinger is in Europe with the President, I am following up on your conversation with him in San Clemente and your subsequent letter of August 27. I apologize for this tardy response but we have had a fairly busy time since returning from San Clemente. We are keeping in mind the possibility of Dr. Kissinger meeting with the "History 40" class if an opportunity arises for him to be on the West Coast before the middle of December.

We also regret that we were unable to set up a meeting with you while we were in San Clemente last time or on your recent trip to Washington. Please let us know the next time you plan to be in Washington.

Sincerely,

David R. Young
Assistant to Dr. Kissinger

Dear Mr. Kleiman:

As he departed for Europe with the President, Mr. Kissinger asked me to thank you for your note of September 21 forwarding the New York Times Mediterranean editorial of September 20.

He greatly appreciates your taking the time to send it to him.

Sincerely,

David R. Young
Assistant to Mr. Kissinger

Dear General de Guingand:

Mr. Kissinger has asked me to thank you for your letter of September 4. I apologize for our tardy response, but the past two weeks have been quite busy and he is presently in Europe with the President.

He remembers your visit in September of 1969 and wishes that his schedule would permit his seeing you again when you return to the United States in October. However, we regret that prior commitments at this time will preclude his doing so.

In response to your query, Mr. Kissinger did see the Patton film and enjoyed it very much.

Again, thank you for your note, and we wish you a most pleasant visit next month.

Sincerely,

David P. Young
Assistant to Mr. Kissinger
